Virginia Home Visiting 2019

Supporting Families in 123 Communities

WHO IS EARLY IMPACT VIRGINIA?

**TOGETHER, WE MAXIMIZE
POSITIVE OUTCOMES.**

Early Impact Virginia leverages resources through public-private partnership and collaboration to create a more comprehensive, coordinated early childhood home visiting system.

WHAT IS HOME VISITING?

COVID-19 COORDINATION AND SUPPORT

STATE LEVEL COORDINATION

Priority #1 – Shift to virtual home visiting

Priority #2 – Understand funding/contractual implications

Priority #3 – Take stock (program closures, service adjustments)

Priority #4 – Implement supports

SHIFT TO VIRTUAL HOME VISITING

- Almost all programs are conducting virtual visits, most are using both video and phone
- Common platforms: Zoom, Facebook, Google Duo or Hangouts, Facetime
- Almost all programs are providing additional supports to families

Most Common Additional Supports:
Diapers/Wipes
Formula
Food
Books or Learning Activities

SHIFT TO VIRTUAL HOME VISITING

Approximately 85% of scheduled visits are being completed, comparable to pre-pandemic levels of approximately 80%.

We enrolled 498 new clients in March – comparable to March enrollment levels in previous years.

You
got
this.

..... *Help is at the door*

98% of families enrolled prior to quarantine are still active. We have only lost 2 families since transitioning to virtual visits.

Our rates are way up! Many home visitors who were reluctant to use telehealth before get it now.

NATIONAL LEVEL RESPONSE

A full-throttle effort to provide rapid, best-practice principles and strategies to support home visiting professionals so they can maintain meaningful connections with families during the health crisis.
